Section 6

Sign and date.

Section 7

Tick first 3 boxes.

Note

The reason you have to complete this form yourself is due to data protection and GDPR. Our part is to provide the estimate for the installation and equipment supplied to your property. You are required to ask a Company like ourselves who are a registered Internet Service Provider with the Welsh Government.

- **Use the residential form unless you have a Business registered with VAT.**
- **The information gathered within the form is to see if you have funding previously.**
- **You will need to print the application, complete all necessary fields with black pen, scan document and upload them to email the Welsh Government at broadband@gov.wales.**
- **Enclosed should be the application, and an estimate from ourselves to carry out the work.**
- **If you do not have a scanner, the  CamScanner app available from the Playstore or App Store is sufficient and easy to use.**

If you need any help with the form or a copy of your estimate please don't hesitate to contact me at enquiries@4g4u.org.

Kind regards
